HONORABLE JUDGE NATASHA C. MERLE
UNITED DISTRICT COURT OF NEW YORK
225 CADMAN PLAZA EAST COURTOOM 2F NORTH
BROOKLYN, NY 11210

CASE NO. 20-cv-04026

Re: Request for reconsideration of denial of extension to retain legal counsel.

Dear Judge Merle,

I write to respectfully acknowledge and express my regret regarding your recent decision to deny my request for an extension to retain legal counsel for Rosso Uptown Ltd, in this matter. I fully understand and respect the court's position, but I humbly ask for your consideration of the circumstances that have led me to represent myself in these proceedings and put me in a position no to retain legal representation for the Corporate defendant.

The challenges I have faced stem largely from financial hardships exacerbated by post Covid environment. These difficulties have severely limited my ability to secure the necessary resources to retain appropriate representation.

Additionally, I have experienced **legal misrepresentation in this case** that let me miss important deadlines and mediation meetings, this has further complicated my ability to navigate this process effectively.

These combined factors have left me in a position where to represent myself, became my only viable option. I understand the importance of maintaining efficiency in court proceedings, and I assure you that I will continue to be committed to resolve this matter promptly and respectfully if you would grant me this consideration.

I deeply appreciate your time in this matter.

Respectfully submitted,
Massimo Gammella
